Bankruptcy & Restructuring

Services in Saudi Arabia

The Saudi business landscape is evolving rapidly, driven by economic transformation, market liberalisation, and increasing competition. Organisations across sectors are facing financial pressures, liquidity challenges, and operational disruptions that require timely, informed, and strategic responses.

Effective restructuring and insolvency management have become critical to safeguarding value, protecting stakeholders, and ensuring continuity. Whether dealing with distressed assets, corporate turnaround, or formal insolvency processes, success depends on a clear strategy, robust analysis, and disciplined execution.

Our Bankruptcy & Restructuring team helps clients navigate financial distress with confidence. Combining deep local market insight with international restructuring expertise, we deliver practical solutions tailored to each organisation's circumstances, helping stakeholders protect value, manage risk, and restore stability.

Comprehensive Bankruptcy & Restructuring Solutions

Aldar Audit Bureau, Grant Thornton delivers restructuring and insolvency services with a strategic focus and commercial insight.

Corporate Restructuring & Turnaround

We work with boards and management teams to develop restructuring plans that stabilise operations, optimise liquidity, and enable sustainable recovery. Our approach combines operational improvement, financial modelling, and stakeholder alignment to protect enterprise value.

Financial Distress & Insolvency Advisory

When organisations face financial difficulties, timely action is critical. We provide independent advice on solvency assessments, debt restructuring, creditor negotiations, and formal insolvency proceedings, helping companies navigate complex legal and regulatory requirements.

Debt Restructuring & Capital Optimisation

Accessing and reorganising capital efficiently can be decisive for recovery. We support debt restructuring, refinancing, and capital optimisation, working closely with lenders, investors, and stakeholders to secure favourable terms and improve financial stability.

Business & Asset Valuation

Accurate valuation of assets, businesses, and liabilities underpins informed decision-making during restructuring. Our experts provide independent valuations to guide negotiations, support reporting, and assist in dispute resolution or sale processes.

Turnaround & Crisis Management

We offer hands-on support in operational restructuring, cash flow management, and turnaround planning to stabilise distressed businesses, restore confidence, and enable sustainable growth.
