# Empowering Your Business with Comprehensive Tax Solutions

## **Tax advisory and compliance, built for Saudi Arabia's evolving landscape**

Saudi Arabia's tax environment is undergoing a rapid and fundamental transformation. Driven by Vision 2030, the landscape is characterised by increasing regulatory sophistication, enhanced enforcement by the Zakat, Tax and Customs Authority (ZATCA), and the accelerated adoption of digital compliance frameworks such as e-invoicing and real-time reporting.

As organisations expand, restructure, and engage in cross-border transactions, tax is no longer solely a compliance function; it is a critical component of strategic decision-making, capital efficiency, and value preservation.

At Aldar Audit Bureau, Grant Thornton, our tax specialists deliver integrated advisory and compliance services aligned to this evolving environment. We support businesses in maintaining compliance, managing tax risk, and unlocking value, locally and across borders.

Our approach combines deep local regulatory insight, international expertise, and hands-on execution to deliver practical, technology-enabled, and commercially aligned tax solutions.
